**With your help, we can make this a Success!**

Brittany's Project will provide a facility for those with disabilities as a place for recreation, support, and social events. Proceeds from this event will be used to erect a building on the old Oaklawn Sugar Mill site in Franklin. The property is being donated by the parents of Brittany and will become a place for those with disabilities to interact with others of this special community. This facility will offer social opportunities as well as a place for individuals to train for Special Olympics, such as shot putt, basketball, soccer, wheel chair races, etc. This facility will also be available for dances and to support family forums.
